

BRAND STYLE GUIDE

*Presentations are ommunication tools that can be used as demonstrations,
lectures, speeches, reports, and more.*

INTRODUCTION

The FAMU Mentorship Bridge System is designed to connect students, upperclassmen, and alumni through a centralized, structured mentorship platform. The goal is to replace informal and inconsistent networking with an accessible system that supports intentional guidance, career development, and knowledge sharing.

This style guide ensures that the application maintains a consistent visual identity, user experience, and interaction design across all screens. Because the primary users include college students and alumni with varying levels of technical experience, the interface must be simple, intuitive, and easy to navigate.

The design focuses on:

- Clarity over complexity
- Accessibility for all users
- Strong visual consistency
- A professional but approachable feel

LOGO GUIDELINES

Possible design elements:

- A bridge or link symbol to represent connection
- People icons or silhouettes to represent mentorship
- Circular or connected shapes to show community and continuity

The logo should feel professional but still approachable for students.

Logo Colors

The logo must follow the system's color palette:

- Primary: Deep Green (#006747)
- Accent: Orange (#F58220)
- Neutral: White or dark gray for contrast

Rules:

- Use green as the dominant color
- Use orange only for emphasis (not overpowering)
- Avoid adding extra colors outside the palette

COLOR PALETTE

This palette supports strong visual hierarchy while staying consistent with FAMUs branding

WHITE
#FFFFFF

TYPOGRAPHY

HEADINGS: BOLD, LARGER SIZE(18-24PX)
BODY TEXT:REGULAR (12-16PX)
BUTTONS: MEDIUM, ALL CAPS OR SEMI BOLD

UI COMPONENTS/INTERACTION PATTERNS

Buttons

- **Primary Button-** Green background with white text
- **Secondary Button-** White background with green border
- **Call-to-Action-** Orange background for important actions

Forms

- Simple input fields with clear labels
- Placeholder text guide ex: “Enter Your major”
- Required fields marked clearly
- Dropdowns for structured data (major, graduation year, classification)

Navigation

- Top navigation bar with: Home, Find a mentor, Messages (message icon), Profile(profile icon)

Cards (Mentors/posts)

Each mentor displayed in a card format:

- Name
- Major/Industry
- Short bio
- “Connect” or message icon button

Hover States

- Buttons slightly darken when hovered over
- Links underline when hovered
- Cards slightly raise to show clickable

Feedback

- Loading indicators: Spinners
- Notifications: Small alert badges for new messages

Error Messages

- Clear and specific Example: “Please enter a valid email”
- Displayed directly under the input field
- use red text

CONSISTENCY RULES/ ACCESSIBILITY CONSIDERATIONS

To maintain a professional and easy-to-use interface:

- Use the same color for the same action everywhere
- Green = primary actions
- Orange = important actions
- Keep button styles identical across all screens
- Use consistent spacing between elements
- Maintain the same navigation layout on every page
- Use the same wording for actions (ex: always “Connect,” not sometimes “Message”)

Accessibility Considerations

- Color Contrast:
 - Ensure strong contrast between text and background
 - Avoid light text on light backgrounds
- Readability
 - Use simple fonts and avoid decorative styles
 - Keep line spacing comfortable
 - Break content into short sections
- Navigation Clarity
 - Clear labels
 - Consistent layout across screens
 - Buttons large enough to tap easily on mobile
- Inclusive Design
 - Avoid relying only on color to convey meaning
 - Provide text labels for icons
 - Ensure forms are easy to understand for first-time users
